## Suggestive Thoughts.

For the Tribune.

There is much truth in the letter on "Shoddyism" in the TRIBUNE of Nov. 24th. For those "who are not obliged to work," there are so many duties waiting, that we see not where is time to be idle, except to recruit the wasted and tired body and brain. For those who are idle, from illness or inability, there is only patient waiting.

Let us then be up and doing,  
With a heart for any fate;  
Still achieving, still pursuing,  
Learn to labor and to wait.

"To be born and brought up in the country," with its woods, and fields, and flowers, with the sparkle of the dew drops in the early summer morn, with the glory of the wintry landscapes, the sunrising, the sunset, is a blessing and privilege. To be able to work we also esteem a great boon. December 5.
